Re: Solicitation QA-ONLY-2026 — QA example — program reporting support

Dear Members of the Evaluation Team: Cedar Bridge Demonstration LLC responds to the two scored areas in the order you set them — the monthly reporting method and quality controls, then the proposed roles and the mobilization plan. We note that the notice states this is a demonstration and that nothing is to be submitted.

Our offer is a proposed evidence-led reporting service. Each monthly cycle names the role accountable for every step, the inputs needed from the program office, the deliverable produced, and the check that must pass before release. Quality control rests on review by someone other than the drafter and on a defect log that must close before a report is signed.

We separate what is confirmed from what is proposed. Alex Example is offered as proposed program lead, available subject to confirmation; the analyst and reviewer positions are prospective hires with a dated recruitment and onboarding sequence. Cedar Bridge Demonstration LLC claims no government prime past performance and holds no certifications. Where a required fact is not yet evidenced, we have marked it rather than assert it, and identified who must supply it.

Respectfully,
